OSAA COMMUNICATIONS / CLARIFICATIONS

Cindy Simmons, Assistant Executive Director

Revised August, 2016

1. **Bandanas:** Wearing a bandana as a hair device, as long as it meets the 3-inch requirement, is legal. Knots in tied bandanas are ILLEGAL. (revised 2016)
2. **Shirts:** Tying a shirt in a knot is ILLEGAL, due to the knot size creating a safety concern.

Risk Minimization During Warm-Ups: During the team warm-up period all personnel actively conducting the warm-up activities will be properly attired for the duties required. Special attention must be given to ensure that auxiliary personnel (substitute players, sub-varsity players, managers, etc) are wearing appropriate footwear for active participation and electronic devices such as music devices and cell phones are not being used. This does not apply to personnel standing / sitting in the bench area, not actively participating in team warm-up. This also does not apply to coaches. (See Below)

Libero Jersey: We are still having issues with schools not having a contrasting color jersey for their libero(s). If a team is wearing a dark jersey, the libero must wear a light jersey (contrasting color). Example: Forest green and black are not contrasting as they are both dark colors. Any libero jersey that is not in sharp contrast to the team jersey is illegal. 2016 Revision: The libero and/or the rest of the team shall be in a solid color uniform top.

Jewelry Rule 4-1-7: Players shall not wear jewelry during warm-ups or competition.

Rule 4 NOTE: Prior to the match, head coaches shall verify that all players are legal and wearing legal uniforms and equipment.

OSAA INTERPRETATION: "If they are not born with it, it is jewelry."

When a player has tape, a bandaid, etc. on her nose, eyebrow, ear, etc. the head coach must verify to officials that there is not jewelry underneath it. If the coach is not willing to do so by having the player show the official, do NOT allow her to play. Obviously,

we have no way to verify naval rings or other jewelry under a uniform, out of sight. This should never be a big deal -- it is a crystal clear interpretation.
